

CASE STUDY - A40 TRAILER PUMP

> BACKGROUND:

Ezispray, based in the Northern Beaches of Sydney, specialises in shotcrete, gunite, steel fixing, pool building, retaining walls and artificial rock placement. A long-time user of alternative pumping systems, Ezispray approached CGS requesting a solution for their shotcrete requirements.

OBJECTIVE:

Provide an equipment solution that achieves the desired outcomes for Ezispray on its Shotcrete jobs. The machine had to be sturdy and reliable, easy for operators to use and deliver consistent and high-quality output.

CASE STUDY - A40 TRAILER PUMP

➤ THE CGS SOLUTION:

CGS suggested the A series due to its reliability, toughness, ease of use, and pumping power. The A40HP can be used for rough concrete mixes as well as shotcrete applications, offering the customer flexibility. CGS also provided machine customisations including a high-pressure water cleaner which runs from the hydraulic system. CGS delivered training to the customer's operators onsite and undertake routine maintenance on the machine.

CGS EQUIPMENT - THE INDUSTRY'S SUPPLIER OF CHOICE

> WHY CHOOSE CGS EQUIPMENT?

> OUR PRODUCT RANGE INCLUDES:

- Line & trailer pumps
- Shotcrete & gunite spraying units
- Plaster & mortar spraying units
